OUR VISION

We envision a world where people understand, value, and conserve the diversity of life on Earth and where SCB, a globally diverse, equitable, and inclusive community of professionals, students, organizations, and supporters, serves as a leading voice for the scientific study and conservation of Earth's biological diversity.

OUR MISSION

To advance the science and practice of conserving Earth's biological diversity.

WHO WE ARE

The Society for Conservation Biology (SCB) is a non-profit, dedicated to facilitating, promoting, and advancing the scientific study and conservation of biological diversity. While our historical roots were founded in the field of biology, we recognize that conservation in today's complex world requires a globalized approach that maximizes collaboration amongst professionals from all fields. With more than 2,500 members worldwide, professionals, students, organizations, and supporters collaborate together in a way that transcends borders to advance the SCB vision and mission.

Society for Conservation Biology

WHAT IS ICCB?

SCB's International Congress for Conservation Biology is the largest global meeting for addressing conservation challenges and presenting the latest in conservation research and practice. ICCB 2023 will take place in Kigali, Rwanda from 23-27 July with the theme The Future is Now: Sustaining Biodiversity for Today and Tomorrow.

WHY ATTEND ICCB?

- Engage with +1200 conservation and social science practitioners, researchers, policy-makers, managers, and leaders from around the world in the nonprofit, government, and business sector working on biodiversity conservation.
- Generate knowledge sharing through thought-provoking presentations and discussions.
- Build brand awareness through event sponsorships such as plenaries and tea and coffee breaks.
- Share your programs, products and services with key stakeholders in the exhibit hall.
- Become a valuable partner and trusted resource for future collaboration.
- Enhance your influence, establish new project partners and collaborators, and meet developers and end users of the latest conservation tools, data, and science.
- Demonstrate your commitment to advancing the science and practice of conserving earth's biodiversity.

“IT SEEMS TO ME THAT THE NATURAL WORLD IS THE GREATEST SOURCE OF EXCITEMENT; THE GREATEST SOURCE OF VISUAL BEAUTY; THE GREATEST SOURCE OF INTELLECTUAL INTEREST. IT IS THE GREATEST SOURCE OF SO MUCH IN LIFE THAT MAKES LIFE WORTH LIVING.”

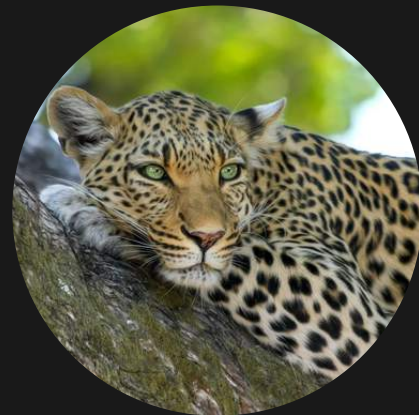

— DAVID ATTENBOROUGH

KIGALI, RWANDA

Kigali, Rwanda is the capital of and largest city in Rwanda. It's a vibrant, modern city with historic monuments, a growing art scene and fantastic coffee. The city sits among lush hills, offering some stunning views, and it is known for being clean, safe and sophisticated.

ICCB 2023 will take place at the Kigali Convention Center (KCC), recognized by its translucent dome-shape exterior. The center is spread out over different levels, with 18 different meeting halls, an exhibition center and a large auditorium.

Rwanda has rich species diversity, making it a great location for ICCB 2023. In addition to housing a third of the world's mountain gorillas, Rwanda is home to hippos, giraffes, elephants, leopards, zebra and more than 700 kinds of birds. In Nyungwe Forest National Park alone, there are about 1,070 plant species, over 200 of which are trees, and 248 species of orchid.

TOP 5 REASONS TO PARTICIPATE

1

Share your company or organization's vision.

2

Position yourself as an environment and conservation leader.

3

Highlight your success stories.

4

Engage in impactful discussions.

5

Gain visibility and network with the global environmental and conservation community.

THE FUTURE IS NOW: SUSTAINING BIODIVERSITY FOR TODAY AND TOMORROW

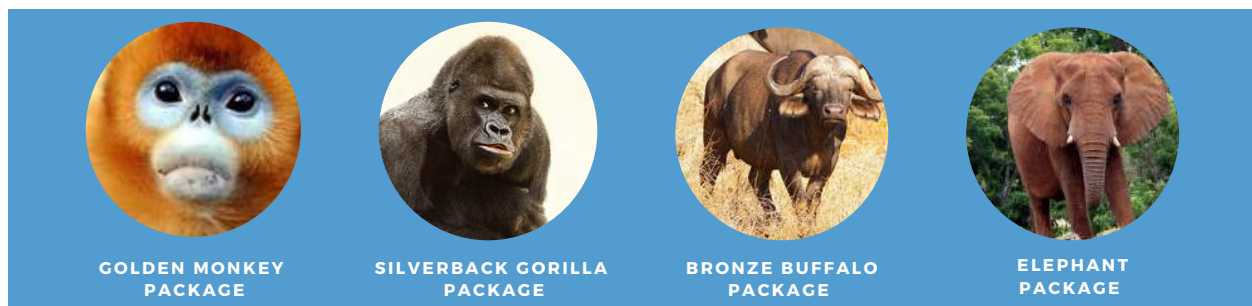

ICCB 2023 will address what must be done now to effectively manage biodiversity for the present and our obligation to ensure sustainable biodiversity for future generations. We'll explore innovative ways and "outside-the-box" thinking to sustain life for all species and share insights on how the benefits of biodiversity can support economic development of communities in Africa and beyond in the near and distant future.

Our ICCB 2023 mascots are the mountain gorilla and the African golden cat.
