SPONSORSHIP PROSPECTUS

OUR VISION

We envision a world where people understand, value, and conserve the diversity of life on Earth and where SCB, a globally diverse, equitable, and inclusive community of professionals, students, organizations, and supporters, serves as a leading voice for the scientific study and conservation of Earth's biological diversity.

OUR MISSION

To advance the science and practice of conserving Earth's biological diversity.

WHO WE ARE

The Society for Conservation Biology (SCB) is a non-profit, dedicated to facilitating, promoting, and advancing the scientific study and conservation of biological diversity. While our historical roots were founded in the field of biology, we recognize that conservation in today's complex world requires a globalized approach that maximizes collaboration amongst professionals from all fields. With more than 2,500 members worldwide, professionals, students, organizations, and supporters collaborate together in a way that transcends borders to advance the SCB vision and mission.

Society for Conservation Biology

WHAT IS ICCB?

SCB's International Congress for Conservation Biology is the largest global meeting for addressing conservation challenges and presenting the latest in conservation research and practice. ICCB 2027 will take place in Puebla, Mexico from 27 June - 1 July, 2027.

It will be co-hosted by the SCB Latin America and Caribbean Region and the SCB North America Region.

WHY ATTEND ICCB?

- Engage with 1500+ conservation and social science practitioners, researchers, policy-makers, managers, and leaders from around the world in the nonprofit, government, and business sector working on biodiversity conservation.
- Generate knowledge sharing through thought-provoking presentations and discussions.
- Build brand awareness through event sponsorships such as plenaries and tea and coffee breaks.
- Share your programs, products and services with key stakeholders in the exhibit hall.
- Become a valuable partner and trusted resource for future collaboration.
- Enhance your influence, establish new project partners and collaborators, and meet developers and end users of the latest conservation tools, data, and science.
- Demonstrate your commitment to advancing the science and practice of conserving Earth's biodiversity.

"THE FOREST IS NOT A RESOURCE FOR US, IT IS LIFE ITSELF. IT IS THE ONLY PLACE FOR US TO LIVE."

— EVARISTO NUGKUAG IKANAN, INDIGENOUS AGUARUNA/AWAJÚN LEADER FROM THE PERUVIAN AMAZON

PUEBLA, MEXICO

Puebla, Mexico offers an inspiring setting for ICCB 2027, bringing together rich culture, striking architecture, world-class cuisine, and access to remarkable conservation landscapes. This UNESCO-recognized historic city, framed by the volcanic skyline of Popocatepetl and Iztaccíhuatl, connects attendees with Mexico's biodiversity, from pine-oak forests and high-elevation grasslands to wetlands and agricultural mosaics.

With a walkable center, temperate climate, strong academic and civic networks, and vibrant traditions, Puebla is an ideal place for exhibitors and sponsors to engage the global conservation community, build meaningful connections, and be part of conversations shaping the future of conservation.

TOP 5 REASONS TO PARTICIPATE

1

Share your company or organization's vision.

2

Position yourself as an environment and conservation leader.

3

Highlight your success stories.

4

Engage in impactful discussions.

5
with the global environmental and conservation community. Gain visibility and network

CONFERENCE PROMOTION

ICCB supporters gain lasting visibility across the international conservation community through SCB's extensive international networks, websites, newsletters, email campaigns, social media, professional connections, and presence at other conservation conferences. Sponsorship also benefits from ICCB's media attention, local tourism and convention support, active congress website, and ongoing updates before, during, and after the event, helping elevate your commitment to advancing the science and practice of conserving biodiversity.
