

SCB Nordic Chapter, 1st Student Conference on Conservation Science

November 17, 2021, 9:00-17:15 with lunch break 12:00-13:00 (Central European Time)

SCHEDULE

9:00-9:10 - Welcome Address by *Professor Åsa Berggren*, President of the Nordic Chapter of the Society for Conservation Biology, Swedish University of Agricultural Sciences, Sweden

9:10-9:30 - Keynote speaker: *Dr. Helen Kopnina* "Exploring attitudes to biodiversity conservation and Half-Earth vision in Nigeria: study of community attitudes to conservation in Yankari Game Reserve", Senior Lecturer at The Northumbria University, UK & The Hague University of Applied Sciences, Netherlands and coauthors *Dr. Fatsuma Olaleru*, University of Lagos, Nigeria and *Naziru Z. Muhammad*, Yankari Game Reserve, Bauchi State, Nigeria

9:30-10:30 - 4 Student talks (10 min + 5 min questions) – moderator Åsa Berggren

9:30-9:45 – Dr. Peter Lampert, Karlstad University, Sweden, Postdoc - *Developing Action Competence for Insect Preservation (DACIP)*

9:45-10:00 - Caitlin Mandeville, Norwegian University of Science and Technology, Norway, PhD student - *Opportunistic citizen science as a tool for local conservation*

10:00-10:15 - Alice Fouillouze, UMS PatriNat - National Museum of Natural History, France, MSc student - *Relations beyond conservation: a new way of perceiving, thinking and acting in favor of biodiversity in French golf courses*

10:15-10:30 – Dr. Dipankar Lahkar, Tiger Research and Conservation Division (TRCD), India, Postdoc - *Tiger recovery in the aftermath of ethno-political conflict in Manas, India*

10:30-10:40 – Break (10 minutes)

10:40- 11:00 - Keynote speaker: *Professor Bengt Gunnar Jonsson*, "Boreal forest biodiversity challenges", Mid Sweden University, Sweden

11:00-12:00 - 4 Student talks (10 min + 5 min questions) – moderator Ewa Orlikowska

11:00-11:15 - Irena Koelemeijer, Stockholm University, Sweden, PhD student - *Interactive effects of drought and edge exposure on old-growth forest understory biodiversity*

11:15-11:30 - Linus Söderquist, Uppsala University, Sweden, PhD student - *Predicting heterosis and inbreeding depression from population size and density to inform management efforts*

11:30-11:45 – Dr. Elisa Plazio, Jagiellonian University, Poland, Researcher - *How topography differently affects males and females dispersal of *Maculinea* butterflies*

SCB Nordic Chapter, 1st Student Conference on Conservation Science

November 17, 2021, 9:00-17:15 with lunch break 12:00-13:00 (Central European Time)

11:45-12:00 - Vidula Varadarajan, Lund University, Sweden, MSc student - *Investigating flower constancy in bumble bees (*Bombus terrestris*)*

12:00-13:00 – Lunch (60 minutes)

13:00-14:00 - 4 student talks (10 min + 5 min questions) – moderator Bengt Gunnar Jonsson

13:00-13:15 - Samuel Boakye Yiadom, University for Development Studies, Tamale, Ghana, BSc student - *Intra-African and Afro-palearctic migratory bird habitat preference in a periurban area of northern Ghana*

13:15-13:30 - Amelie Laux, University of Göttingen, Germany, PhD student - *Where are safe places for Grey Partridges? – Landscape context of predator activity*

13:30-13:45 – Dr. Malin Undin, Mid Sweden University, Sweden, Postdoc - *Kiwi of one feather do not flock together: conservation implications*

13:45-14:00 - Henry Hansen, Karlstad University, Sweden, PhD student - *Contextualizing fish habitat in novel riverscapes*

14:00-14:20 - **Keynote speaker:** Dr. Malin Aronsson, “A predator of the North – past, present and future challenges for wolverine conservation”, Swedish University of Agricultural Sciences, Sweden

14:20-14:30 – Break (10 minutes)

14:30-15:15 - 3 student talks (10 min + 5 min questions) – moderator Lina Widenfalk

14:30-14:45 - Karin Amsted, SLU Alnarp, Sweden, PhD student - *Fire and herbivory driven consumer control in a savanna-like temperate wood-pasture: an experimental approach*

14:45-15:00 - Heidi Rautiainen, SLU Uppsala, Sweden, PhD student - *Feeding reindeer for future free-range functionality*

15:00-15:15 - Carl Tamario, Linnéuniversitetet, Sweden, PhD student – *Size, connectivity and edge effects of stream habitats explain spatiotemporal variation in brown trout (*Salmo trutta*) density*

15:15-15:30 - Poster session – 3 students - moderator Lina Widenfalk

15:15-15:20 - Jacqueline Hoppenreijs, Karlstad University, Sweden, PhD student - *A conceptual model of current and future pressures on boreal riparian vegetation*

15:20- 15:25 - Marc Filla, University of Göttingen, Germany, PhD student - *Towards human-snow leopard co-existence*

SCB Nordic Chapter, 1st Student Conference on Conservation Science

November 17, 2021, 9:00-17:15 with lunch break 12:00-13:00 (Central European Time)

15:25-15:30 – Dr. William Sidemo Holm, Lund University, Sweden, Postdoc - *Organic farms provide more resources to pollinators in agricultural fields – but only when yields are low*

15:30-15:45 – Summary and Closing Remarks and by *Professor Åsa Berggren*, President of the Nordic Chapter of the Society for Conservation Biology, Swedish University of Agricultural Sciences, Sweden

15:45-15:55 – **Break (10 minutes)**

15:55-17:15 – **Workshop:** “Transferring Your Academic Knowledge into Entrepreneurship”, *Professor Åsa Berggren*, SLU and *Dr. Lina Widenfalk*, Greensway
